

The 28 Day Symptoms Flush

The Symptoms Flush is a 28 day plan designed to increase the structural and systems integrity of your body. This plan may support healthy skin and complexion. It also helps promote body detoxification and hydration. We are hoping that the Symptoms Flush will ease your suffering if you battle with arthritis, fibromyalgia, diabetes, TMJ disorders, asthma, lupus, ADD, hypertension, obesity, insomnia, digestive disorders, back pain, a low energy level, anxiety, headaches, a low sex drive and general malaise.

The 28 Day Symptoms Flush is an aggressive wellness plan. It is a simple, multi-dimensional, ten component plan complete with playbook. The Symptoms Flush does not CURE disease. It is designed to elevate your body's infrastructure to minimize annoying ailments.

Imagine canoeing down a stream when the water level is low. Your canoe scrapes on the rocks on the bottom. You get hung up on logs stuck in the mud. The whole trip can be a struggle.

Now picture yourself canoeing down the same creek the day after heavy rains. The water level is much higher. You zip along without hang ups. The same rocks are still on the bottom. The same logs are still stuck in the mud. Only now the elevated water levels allows you to sail right over them!

THE COMPONENTS

The Playbook combines the ten components in an integrated, easy to follow process for 28 days. Checklists make compliance with the Symptoms Flush simple.

The components are:

1. Stress reduction
2. Vitamin C intake
3. Mild walking
4. A multi-vitamin blend tailored for the morning and the evening
5. A comprehensive oral exam, including oral cancer screening, blood pressure check, panoramic x-ray and analysis, cavity screening, and examination and evaluation of the gums. This exam can be done with or without a dental probe!
6. Hydration
7. Fiber
8. An Aqualizer self adjusting oral splint to give your teeth and jaw muscles a “time out”.
9. Sleep
10. Posture

The Symptoms Flush combines these ten components into an attack-oriented wellness plan. Follow this plan for 28 days and feel yourself feeling better!

PRICE

The price of the 28 Day Symptoms Flush is \$199. For this amount you will receive over \$350 of goods and services. If you happen to have dental insurance, your plan may reimburse you some of the cost. We'll help you file. A couple of the components are not included in your initial packet because they are inexpensive and readily available at a grocery store near you.
